

LOS ANGELES

HENEY IS GRILLED.

Acts Illegally as Prosecutor.

Opposing Lawyers Show That He Assigns His Pay to Man He Ousted.

Court Permits Exposure of Deal by Which He Entered Graft Cases.

Judge Lawlor Wants to Know If False Quantity Swayed Grand Jury.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, June 20.—(Exclusive Dispatch.) Something smelling like fraud was unearthed by Calhoun's attorneys today, when the validity of Heney's appointment as star of the graft prosecution was investigated.

It would be very sad to learn that the whole graft investigation was launched on a fake and a lie. Still, as it turns out to be Dist. Atty. Langdon, that bright angel of reform, who perpetrated it.

When Langdon was officially choked into appointing Heney as one of his deputies, a young man named Robert Duke resigned his job, or pretended to, in the District Attorney's office to make way for Heney, only so many deputies being allowed the District Attorney by law.

Coloring as red as fire, gulping in his throat, wringing in his chair, dashing for the water pitcher, the youthful Mr. Duke made an amazing confession in Judge Lawlor's court today.

He said that in spite of his supposed resignation he has been continuing in office just the same as before Heney happened, prosecuting every case that has come up in Judge Shortall's Police Court and drawing salary.

OWNS TO ILLEGAL ACTS. Realizing that on his answers might depend the validity of all the graft proceedings, the young lawyer confessed that he is acting as prosecutor without right or without appointment.

Calhoun's lawyers contend that Heney not being a genuine deputy district attorney had no right to be in the grand jury room during the graft investigation, and that every indictment they have brought is therefore void and invalid. They claim that both Duke's resignation and Heney's appointment were fakes.

You might not think that all this developed at what Judge Lawlor intended for a "conciliation meeting," to which he summoned the lawyers of both sides this morning in order that certain amicable agreements might be entered into. It was designed as a sort of legal peace conference, the court having the preliminaries of selecting a grand jury that was discharged and forgotten nearly a year before the Heney graft investigation and Heney grand jury was ever heard of.

FOREGOES CONCILIATION. Each side angrily says it's the other that is delaying the same. Flushed and biting his lips with anger, Judge Lawlor finally gave up his attempts at conciliation and the assault upon the validity of Heney's appointment—involving the very existence of the grand jury—began.

Young Mr. Duke had been summoned from his illegal job in the Police Court and sat nervously around while the wrangling went on. He gave an appealing look at the graft investigation attorneys: Mr. Cobb, Mr. Hiram Johnson, and two genuine deputies of the district, Mr. Harrison and Mr. O. Gara.

"What is your business," asked Attorney Moore, who with his father, A. A. Moore, was appearing for Calhoun.

Duke murmured, unhappily that he is a lawyer.

"Where do you practice?" "Oh, in all the courts of the State," "Any particular court?"

"Duke wet his dry lips and made a nervous dive for a glass of water while the graft attorneys came to his rescue with many objections.

TRIES TO AID HENEY. Mr. Johnson argued that, however, Heney got there, he is a defacto deputy District Attorney anyhow.

"Well," said the court, "I propose to allow a general inquiry regarding Mr. Heney's appointment."

EVIDENCE COMPLETE.

State Rests Today in Boise Case.

Prosecution Announces Its Proof of Haywood's Guilt Is Now in.

Darrow Says He'll Ask Court to Instruct Jury to Vote for Acquittal.

Federation's Organ's Articles Show Lust for Blood of Steunenberg.

(BY THE ASSOCIATED PRESS—F.M.)

BOISE (Idaho), June 20.—Unless there should be unforeseen delay in securing a couple of final pieces of evidence the State will tomorrow close its case against William D. Haywood, whom it charges with the murder of Frank Steunenberg.

This announcement was made this afternoon by Senator Borah, one of the special prosecutors, and when Clarence Darrow, of the defense, took up the discussion of the arrangement of time he made it very clear that directly the State closed he and his associates would move the court for an instruction directing a verdict of acquittal.

It is now anticipated that the State will close by noon; that the afternoon session will be devoted to argument of the expected motion of the defense and if the court rules adversely on the motion, the opening statement in behalf of Haywood will be made by Mr. Darrow on Saturday.

The prosecution succeeded today in again showing a direct connection with the store of George Pettibone in Denver and Harry Orchard at work on the Bradley crime in San Francisco and an effort was made to prove by Pettibone's personal handwriting experts who will be called tomorrow.

Original records of the Pacific Postal Telegraph Company were produced that showed that in September and October, 1904, remittances of \$6.20 and \$48 respectively, were made, the first by "J. Wolf," and the second by "P. Bone" from 1232 Stout street in Denver—the address of Pettibone's store—to "H. Green," in care of Peter L. Huff, at 211 Taylor street, San Francisco.

The State also showed that while at Silver City, Idaho, in 1899, Haywood declared that Steunenberg was a tyrant and a monster who should be exterminated, and by James Kirwan, acting secretary-treasurer of the Western Federation of Miners, that Jack Simpson and Marion Moore were made members of the Executive Board of the Federation in 1905, and that control of all expenditures made by the organization vested in the president and secretary-treasurer.

For the rest it was a day of reading with Senator Borah as first reader. Judge Wood admitted many of the strongly worded articles of the Miners' Magazine which Gov. Frank Steunenberg was bitterly denounced and, as one after another they were let in, Borah read them to the jury. These were admitted as showing the animus against Steunenberg and a challenge against Justices Goddard and Gahbert of the Supreme Court of Colorado, whom Harry Orchard swore he tried many times to kill.

To practically every piece of testimony offered during the day the defense first offered objection, then made a motion to strike out, and lastly, took exception on the record. To all evidence concerning the Steunenberg conspiracy alleged by the State, the objections of the defense included the propositions that the acts shown were not binding on the defendant, and that they were not connected with the Steunenberg murder, and there was frequent objection to the evidence offered to corroborate the testimony of Harry Orchard, an alleged accomplice, in the manner provided by the statute.

WONDER TALE OF SOUTHLAND.

See Part III of next Sunday's Times for the most impressive portrait of Southern California ever drawn in fast colors. Watch for the continuation of the theme in the Times of the two succeeding Sundays.

Officials figures will show that Los Angeles has proportionately outstripped every great American city in the race for population in the past twenty-six years.

They will prove that in industrial activity Los Angeles has made faster progress than any other city on the Coast.

They will demonstrate that in banking and commerce, as well as in population, Los Angeles has made the most marvelous strides.

They will display the unrivaled progress of all Southern California.

The advance of Los Angeles and Southern California in population, in industry, in construction, in wealth and in uplifting influences forms a narrative of which the world does not furnish a parallel.

The facts have been told and the record has been presented by many writers in many ways; but the striking and absolutely incontrovertible testimony will be summed up in next Sunday's Times more forcibly and convincingly than ever before.

PREMIER INSULTED.

Clemenceau Ready to Give Up Post.

Fate of French Cabinet Will Likely Be Decided at Today's Session.

Wine Growers' Disturbances More Sanguinary Than First Reported.

Entire Army Corps Unable to Prevent Mobilization of the Rebellious.

(BY THE ASSOCIATED PRESS—F.M.)

PARIS, June 20.—Premier Clemenceau was addressed in insulting terms in the Chamber of Deputies today for his interpellation of the government on its repressive measures toward the wine growers.

The session was tumultuous, and all action was postponed till tomorrow, when the fate of the Cabinet likely will be decided. The Premier stated today that he had no particular desire to remain in power.

It was officially announced today that "owing to the occurrence last night in the south of France, the President, after consultation with the King of Spain, has decided to postpone the festivities arranged for the King's honor, and, consequently, the banquet arranged for this evening at the Elysee Palace has been postponed."

WHOLE ARMY CORPS IN MOTION. An entire army corps has been put in motion to deal with the rebellious wine growers, but the government claims that the forces are not so distributed as to isolate the different sections, and render it practically impossible to effect a general mobilization of the disaffected people.

The censured and unsatisfactory reports from the South today show that the disturbances caused by the wine growers last night were more sanguinary than was at first supposed.

At Narbonne, three persons were killed and fully two hundred and fifty were wounded, including a score of women, said to have been wounded, several fatally. The troops, who were ordered to fire in the air, shot straight at the mob, besieging them in the court yard of the sub-prefecture.

It is reported that another attempt was made today to burn the sub-prefecture at Narbonne. A mob of about 500 men gathered at the gates and set fire to but were driven away by the fire of the gendarmes. It is also reported that many persons were wounded today in renewed fighting in the streets of Narbonne.

BATTLE-SCARRED CITY. The city of Narbonne is reported presenting a remarkable spectacle. Paving stones used in the assault upon the sub-prefecture are still lying about the streets, and the walls are marked with bullets, windows are broken and the cafes are wrecked, the furniture having been used for building barricades. Broken bottles, used as clubs, litter the streets everywhere. Many of the wounded are suffering from gunshot wounds and saber gashes or from fractured skulls or limbs.

The rioting at Montpellier last night was of a most serious character, and resulted in dozens of troopers and rioters being wounded. The mob made a determined effort to burn or tear down the door of the prison and rescue the prisoners, and resisted the attack of the troopers desperately, pulling the soldiers off their horses and clubbing them.

TRAIN DITCHED IN TUNNEL.

Four Are Hurt in Desperate Efforts to Escape from Fast Limited Train.

(BY DIRECT WIRE TO THE TIMES.)

MITCHELL (Ind.) June 20.—(Exclusive Dispatch.) Limited train No. 12, on the Baltimore and Ohio Southern Railway, running between St. Louis and Cincinnati, was wrecked early this morning, while passing through a tunnel fourteen miles west of this city. The train consisted of a postal car, one combination baggage car, two day coaches and a sleeper.

In the middle of the tunnel, which is a quarter of a mile long, there is a sharp curve and here the engine left the track, and the coaches were hurled against the walls and broken and splintered against the stones.

The scene that followed was one of great excitement, as the passengers tried to extricate themselves from their prison. Men and women struggled to get out of the cars, and threw themselves from the windows, and made their way in the dark to the entrance of the tunnel.

Four passengers were badly hurt, but the majority of those cut by glass and bruises received their injuries in trying to get out of the coaches.

BAY CITY "PEACE CONFERENCE."

MURDER SEEMS MODERN FAD.

STARTLING INCREASE IN CRIME IN NEW YORK CITY.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, June 20.—(Exclusive Dispatch.) Has murder become a pastime in New York? The latest crime to start speculation along this line is the brutal killing of Julius T. Rosenbloom, who was slain in his garden at Pelham Manor, by mysterious enemies.

In statement made by Dr. Andrew D. White, former president of Cornell University and former Ambassador to Germany, he said:

"My own studies on the subject, which have been made in all parts of the United States, convince me that we are living in a time of unusual frequency of murders, especially in unpunished murders."

COMMAND CHICAGO BY BELT LINE COUP.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, June 20.—(Exclusive Dispatch.) Final steps are being taken in New York to complete the \$70,000,000 railway coup which the Vanderbilts have engineered to secure the 50 per cent share of the tremendous traffic which originates in Chicago and the surrounding territory as well as the great tonnage, which passes through and around Chicago.

The culminating financial transaction in this great traffic deal is the leasing, with the right to purchase, of the outer belt line from the Chicago Junction Railway Company. Supplementing this is the leasing for ninety-nine years of part of the track of the Chicago Terminal Transfer Railway Company, which forms the connecting link in the complete inner belt railway system which the Vanderbilts are securing.

President John A. Spor, of the belt road, today confirmed the news of the deal, and declared that before the end of the year the belt line, which his company now owns and operates, would pass entirely into the possession of the New York Central lines.

When these transactions shall have been completed Vanderbilts will have a comprehensive belt line encircling Chicago, by inner and outer belt, selected by every line of railway that enters Chicago or can enter it in the future, and will have 80 per cent of the traffic originating in Chicago and around the city upon their own lines.

They will also be in a position to absorb all switching charges and thereby make a bid for all interchange traffic.

Besides the statistical tables giving the official figures and the carefully prepared text loaded with facts, an ingenious system of charts has been prepared, by means of which the eye sees at a glance the verities of the whole stupendous case.

It is hard for some people to apprehend and digest columns of figures; but the average reader cannot fail to seize upon the significance of the plain, telling and illuminating lines of these effective charts. It requires many figures, many columns of them, to present the wonders of the growth of Los Angeles and Southern California; and these figures will all be found in the great compendium to be printed next Sunday; but in addition thereto the chart features will possess the utmost value and force.

You cannot fully appreciate the magnitude of your own city's achievements till you have witnessed the bombardment of facts from this battery.

The fire will open in next Sunday's Times and will be continued in the Sunday Times of June 20 and July 7.

SCHMITZ, ILL. IS PLEA TO COURT.

(BY THE ASSOCIATED PRESS—F.M.)

SAN FRANCISCO, June 20.—Mayor Schmitz's attorneys, late this afternoon, applied to the District Court of Appeals for the release of the Mayor on bail, by writ of habeas corpus.

Sixteen showings are made in the record, and at least one of them is decidedly sensational. It is a declaration by his attorneys that the Mayor is suffering from an incurable disease, and that imprisonment in a jail will cause his death. It is understood that the disease referred to is an affection of the kidneys and that it has advanced to a serious stage.

This will greatly surprise the Mayor's acquaintances, for San Francisco has always looked on him as the embodiment of physical vigor, an idea that has been strengthened by the marvelous nerve the indicted man displayed throughout his prosecution. The defense alleges that the section of the Penal Code under which the Mayor was ordered into custody is unconstitutional.

Worth 35c to 60c
A big assortment all silk taffeta ribbons in very pretty effects. Special for today 25c. Section B.
Remember all ribbon bows tied free.

"SACK" IS HELD BY WONG FONG.

CELESTIALS ARE ADEPT IN ART
OF BRIBERY.

"Mayor" of San Francisco's Den
District, Now in Los Angeles on
Peace Mission, Controls Big "Pro-
tection" Fund and Has Also Reveals
in Luxury of Two Wives.

Wong Fong, the "Mayor" of San
Francisco's Chinatown, who was called
to Los Angeles to urge the warring
tongues to disarm—similar to the plan
proposed by the International Peace
Congress at The Hague—is one of the
wealthiest Chinamen in California.

He is one of the "right statesmen"
which forms the backbone of the San
Francisco "Middle Kingdom," and
which all disputed matters are sub-
mitted for settlement.

Because of his "much learning"
Wong Fong was given the title of
"King" or "Mayor" of Chinatown,
which is the same as political "boss."
In addition to his wealth and power,
he revels in the luxury of two wives—
one Celestial, the other a white.

That is, his "second" wife is white,
for whom it is said he paid much
money. Previous to the fire, Wong
Fong conducted a lottery agency at
Spofford Alley and Sacramento street,
where he did an immense business.
He provided for his white wife a
richly furnished room, and maintained
her in luxury. His Chinese wife did
not fare so well. She occupied rather
the position of housekeeper, and she
was subject to the orders of the "sec-
ond" wife, a reverse of the usual
Chinese custom in regulating a dual
household.

Wong Fong's fortune before the fire
was estimated at \$500,000. In addition
to his lottery agency he was a silent
partner in fan-tan games, and other
shady enterprises. He took an active
part as a peace negotiator in a "hatch-
et war" about two years ago, which
was brought on by the Educational So-
ciety for the control of Chinatown—
something similar to the present
"graft" investigation. Or, rather, it
was for the control of the "graft"
which was paid by the gambling
houses and dens of infamy for protection.
It was shown in the court proceed-
ings at the time that this "graft" was
about \$10,000 a month. In handling this
fund there would be a commission for
the handlers, similar to the "commis-
sion" of Supervisor Gallagher in the
tainted-franchise deals.

In addition to their other duties, the
"right statesmen" secured protection
for these places and stood between
them and the police. Several of the lead-
ers of the educational society, which
is not a society for education, desired
to overthrow the eight statesmen and
thus get control of the protection
"sack." They argued that they under-

"OLD AND NEW CALIFORNIA."

Native Sons and Daughters Shown
Views and Graphically Told About
Their State.

Mrs. Emma Greenleaf, under the
auspices of the Native Sons and
Daughters, delivered a lecture to an
audience that taxed the capacity of
the Hall of the Native Sons. The lec-
ture was preceded by the delightful
recital of a poem entitled "California,"
by Marguerite Giffen, a miss of 6 years,
which called forth an encore. After
this followed Miss M. Nichols of the
City of Mexico, who sang in a finished
and charming manner, a Spanish song,
which was enthusiastically encored.

Mr. Stephenson then introduced the
lecturer of the evening, Mrs. Green-
leaf, who, in elegant language, accom-
panied by stereoscopic views, accom-
panied by stereoscopic views, spoke
on "Old and New California," holding
the closest attention for over two
hours with graphic descriptions of the
scenes and incidents brought to view.

Mrs. J. B. Solomon, in behalf of the
Native Sons and Daughters, expressed
their appreciation of Mrs. Greenleaf's
work, and presented her with a silver
loving cup. Mrs. Greenleaf appeared
much affected by this token of esteem,
and briefly expressed her gratitude.

Annual June Sale

of
Kahn's Korrek Klothos

The Purchasing Power of \$13.75

Friday and Saturday

During this sale, as is our rule in all our advertising, we
are adhering to strict truthful facts about our clothes.
These values offered for \$13.75 for Friday and Saturday
comprise all of our regular \$18 and \$20 suits in choice
fancy Gray, Worsteds in large variety of patterns. These
values positively cannot be duplicated in the city. Our
June Sale has been established for the past few years
for the purpose of bringing "Kahn's Korrek Klothos" be-
fore the public at a saving of \$4 to \$7 a suit just at the
time when a great many buyers are looking for some-
thing better at the price than could have been had
earlier in the season.

WE ARE SAVING YOU FROM \$4 TO \$7 ON A SUIT
RIGHT NOW.

We want you to call at our store and see for your-
selves the truth of the above statement.

All suits pressed free of charge for one year.

Around the

"InsideTrack"
\$2.75 Round Trip

To holders of Eastern excursion tickets and accompanying friends.
\$2.00 ROUND TRIP every day to Redlands via Riverside; \$2.75 to Riverside or San Bernardino. Good for eight days, with stopovers.

From Los Angeles (Arcade Depot, 5th St. and Central Ave.) daily, 8:55 a. m., returning at 6:50 p. m.

THE ORANGE GROVES OF RIVERSIDE AND REDLANDS are seen to the greatest advantage, the train making a stop of nearly three hours at Riverside and two hours at Redlands, enabling you to enjoy all the beauties of these famous places with the least expenditure of time and money. This is the season of ORANGE BLOSSOMS, the air being laden with their fragrance.

Information with illustrated booklet at City Ticket Office.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Falls from Car.

J. D. Denick of No. 420 South Sichel street fell from south-bound San Pedro street car No. 225, at First and Main streets, yesterday afternoon, and sustained severe concussion of the brain. He was removed to the receiving hospital.

Hurt by Overturning Tender.

C. F. Rice, Southern Pacific round-house foreman at Imperial Junction, was brought to the Siders' Hospital early this morning, seriously injured. Rice was hurrying with a yard engine to a slight wreck which occurred last night near Imperial, when the tender, on which he was riding, was overturned. His back was sprained and he suffered internal injuries.

Messers Due Tomorrow.

Mr. and Mrs. Joseph Messer and family, who have been touring Europe and the East for over a year, are expected home via the Coast line tomorrow at 12:30 o'clock p.m., at Arcata station. Committee from association organizations and business men will welcome them. There will be an informal reception at the Messer residence, No. 3500 Main street, East Los Angeles, where all his friends will welcome Mr. Messer during the afternoon.

May Now Do Time.

When a detective recognized C. H. Habbitt of No. 829 Esperanza street as he staggered along Main street last night, he recalled that Habbitt attempted to kill his wife's chauffeur in a drunken rage about a year ago. The officer sent him to Central Station. On May 15, 1926, Habbitt was given suspended sentence of 30 days by police judge for attempting to shoot his family. He was released upon a promise that he would abstain from liquor again. Recently Habbitt forgot his promise. Fearing that he might repeat the attempt of a year ago with serious results, the officer took the man in custody. He will have to explain today why he "fell off the water wagon."

Want More Lights.

The University Improvement Association held a special meeting last night in furtherance of the plans for transforming Agricultural Park into a beauty spot. President Young outlined some of the needs of the section. There were brief speeches by W. M. Bowen, M. B. Golden, Ralph Sullivan and Dr. A. J. Erwin, president of the Fifth Ward Improvement Association. The financial committee to solicit funds for making park improvements will be named at the meeting of the association to be held Friday, July 1. Election of officers will also take place then. More lights are needed in the Fifth Ward, and the association has named a committee to secure these from the Council next month.

BREVITIES.

Thirty-eight lots in one of the most beautifully located tracts in the city, the Melrose-avenue tract, will be offered at auction Saturday, June 22, at 1:30 p.m. This tract lies on a high mesa commanding a magnificent view of the mountains, Hollywood and the ocean. The lots are all east and west fronts, 50x125, and have all the most desirable improvements, cement walks and curbs, with water piped to every lot. The tract is reached by the present by the Colegrove car line. The new line going out Van Ness avenue will pass directly through the tract and the Bimini Bath line, which is now at Melrose and Western will be extended on Melrose avenue. These lines, together with the line for which the franchise was just sold on Western avenue, will give the locality the finest car service in the city. It is not a speculative property, but has its value already assured and should appeal to those desiring choice homesites on the high ground—all ready to build on. The lots will be sold on easy terms. Information and maps may be had of J. W. Lewis at 728 Merchants' Trust Company Bldg., Second and Broadway. Display ad in this paper will give particulars how to reach the tract, etc.

J. W. Frey has moved his stock of mantels, grates, tiles and andirons to his warehouse, corner Los Angeles and Twelfth streets, where can be seen the largest assortment of black and brass fireplace trimmings to be found in the United States.

KANSAS "SPIKES" PUNCH.

Charge That Adjutant-General Put Whisky in Connection at Luncheon Stirs Prohibition State.

[BY DIRECT WIRE TO THE TIMES.] TOPEKA (Kan.) June 20.—(Exclusive Dispatch.) Prohibition Kansas is very much stirred up over a rumor that Adj. Gen. J. W. F. Hughes of Kansas "spiked" the punch used at the presentation of the silver service to the battalions Kansas at League Island navy yard last Monday.

The direct accusation that the general was guilty of "spiking" the punch was made in a letter received by A. L. Green, a prominent Topeka merchant from a cousin in Philadelphia.

After taking one drink of the punch, as prepared by the committee, Gen. Hughes is reported to have taken a pint flask of whisky from his pocket and emptied its contents into the bowl, after which time the visitors showed a marked liking for the concoction.

Gov. Hoch and a large party of Kansans were the guests of honor at the time the presentation was made.

PERSONAL.

Fred H. Kline of Goldfield, arrived in the city yesterday. He is a guest at the Angeles.

Mr. and Mrs. George N. Armbray of San Francisco are spending a few days in the city, guests at the Van Nuys.

Edwards, formerly of Shanghai, China, is in the city, en route for England. He is at the Alexandria.

Mr. and Mrs. J. A. Forney and R. H. McClure, well-known Goldfield residents, are guests at the Lankershim.

T. J. Porter, Miss Hama Porter and Miss McNelly of Boston, are guests at the Lankershim. The party is making a trip around the world.

NEW NEW position at Redondo open July 1st.

VITAL RECORD

BIRTHS, DEATHS, MARRIAGES, DIVORCE.

**BELIEVES IN
ORCHARD TALE.**
Ex-Gov. Peabody, Here,
Thinks Story True.
Corroborates Many Parts of
Slayer's Story.
Immunity Not Price of the
Gory Confession.

FORMER GOV. JAMES H. PEABODY,
discussing Harry Orchard.

with his family, direct, from Boise, Idaho, where he has been attending the murder trial of Haywood. Mr. Peabody arrived here about 4 o'clock and registered at the Alexandria.
In a certain degree, ex-Gov. Peabody has been one of the principal witnesses in the Haywood trial. The fabric of the State's case rests upon the veracity of Harry Orchard. To some extent, Mr. Peabody is able to corroborate it.
"I have met Harry Orchard, and have studied him, and if he is not telling the truth, no man ever did. I think also that Orchard is a reformed man," Mr. Peabody continued. "He is a changed man from the man who was first arrested. Now he is calm and speaks without emotion, except an evident desire to tell everything, and a seeming eagerness to confess and have it over with."
"I have attended three sessions of the trial of Haywood, and have been wonderfully impressed with the man Orchard. He has told of the most heinous crimes in the annals of history, and lawyers have been unable to confuse him."
"Orchard looked like a 'gun fighter,' as we call them in Colorado, when he was arrested. He was disheveled and reckless-looking, but now he is the opposite. He talks as though a load has been lifted from his mind, and he is at rest."
SEES TRUTH IN FLASH.
"Of course, I did not know at the time that Harry Orchard or any one else was dogging my footsteps, with intent to murder me, but when I heard the detailed story of how Orchard followed my wife and daughter and myself in Canon City, I saw in a flash how true it was. I could remember little incidents which at the time meant nothing, but which in the light of Orchard's confession became links in a chain that made almost a complete corroboration of the man's story."
"One day as I was leaving the courtroom after the day's session of court, I came face to face with Orchard. I studied him curiously. He halted between his guards, and held his hands before his face. He half turned away. I spoke kindly to him, and held out my hand. He burst into tears, and sobbed convulsively. He refused to shake my hand, and said, chokingly, that he did not dare to touch my hand after his attempt to kill me."
"The man's grief and remorse were pitiful. I talked to him a few moments, and finally he timidly took my hand and told me how he had been converted and desired to live a better life, or, at least, atone as far as possible for his crimes."
"I firmly believe that no offer of immunity has been made to Orchard, and I have the word of the prosecuting officials that there will not be the slightest leniency shown in pressing the charge of murder against him. I believe myself that Orchard does not desire to live longer. Those close to him have said that he has repeatedly expressed a desire that death be his portion. He has assumed the appearance of a reformed man, some times seen with the Salvation Army corps. He seems to have lost all interest in ordinary affairs, and has a burning desire to atone for his horrible criminal record."
Miss Cora M. Peabody, daughter of the former Governor, accompanies her parents. She was called as a witness

in the trial of Haywood. She told with a shudder how she remembered seeing Orchard and a second man loitering about the gate of her father's home in Canon City. Miss Peabody is a dainty, pretty girl, and her testimony, which corroborated some details of Orchard's confession, was of great benefit to the State attorneys.

ONLY A NAME.
Mr. Peabody says the Western Federation of Miners has been practically eliminated from the State of Colorado. He said that all of the great mining cities are now running open shops, and the Western Federation of Miners is only a name in Colorado.
The Peabodys came to Los Angeles for a few days for the sole purpose of resting after the ordeal of the trial at Boise. The strain upon Miss Peabody and her father has been great, as they were followed about in Boise by detectives in the employ of the Miners' Union, and they say that it entered the peaceful confines of this city, where the union is practically nil and the walking delegate is almost unknown.
Former Gov. Peabody and family will leave Los Angeles tomorrow afternoon for Salt Lake, and thence home.

ANOTHER CAR VICTIM.
Young Man Injured in Collision on West Eleventh Street—Father's Condition Serious.
Arthur S. Jacobson, who was injured in a street car accident Tuesday night, died yesterday morning. The inquest will be conducted at 4 o'clock p.m. today at the parlors of the Overholzer-Mills Company.
Young Jacobson and his father, L. Jacobson, were driving to their home, No. 222 West Fourteenth street, when their buggy was struck by a West Eleventh street car. Both sustained internal injuries. He lies in such a critical condition at the Clara Barton Hospital that his family dare not advise him of the son's death.
The family came here three years ago from Wisconsin to the retirement of Mr. Jacobson from the superintendence of an iron works in which he held an interest. The son was a machinist, 19 years of age. The funeral will be held tomorrow.

TO EXTEND HALF-HOLIDAY.
Saturday Night Meeting Will Turn Its Lines of Business Outside of Dry Goods Stores.
The last but one of the department and dry goods stores was yesterday signed to the agreement to close at 6 o'clock in the evening and hold to the Saturday half-holiday during the summer. The one not included is Le Sage Brothers, who informed the committee of the Merchants' and Manufacturers' Association yesterday afternoon that they are not yet ready to state what they will do.
The meeting of the clerks in Simpson Auditorium on Saturday night will take advantage of the apparently crystallized public sentiment, and a campaign will be commenced to urge the shoe stores, clothing stores and furnishing goods stores into line. Some of them now grant the half-holiday and do not open Saturday night, although they have not been asked to get together for that purpose.
A majority of the members of the Merchants' and Manufacturers' Association are in favor of this later move, and will stand behind it.

LITTLE COIN, LONG JOURNEY.
Aged Man Starts from Santa Barbara to New York With Seven Dollars and a Half.
With only \$7.50 to stray his traveling expenses from Santa Barbara to New York City, Charles Contario, aged 84 years, was sent to the Central Station from the Santa Fe depot last night for lodging.
Contario has resided in the Italian settlement in Santa Barbara for some years, he says. Recently he secured enough money to purchase a ticket to his home in Italy. Officers found the aged man in the depot.
Believing that every person he meets is ready to rob him, Contario declares he has no money. However, a \$5 gold piece and five half dollars were found in his clothing. Contario says he will have to make the journey with that amount, as he has no more.

**WILL GO INTO
BANKRUPTCY.**
Wentworth Hotel Company
to File Petition.
Voluntary Action Agreed on
by Stockholders.
Unraveling of Tangle Said to
Be Assured.

The Wentworth Hotel Company is to become a voluntary bankrupt. It will so petition the Commissioner in Bankruptcy today. This action was agreed upon at a meeting of the stockholders held yesterday forenoon at the Hotel Wentworth, which has already cost the company more than \$1,000,000, and which is far from being finished.
Yesterday's action was the culmination of a series of business troubles extending over a period of several months. Even up to the beginning of this week it was hoped by the heaviest stockholders that financial arrangements would be made which would enable the company to meet its obligations, and that during the ensuing summer season the mammoth hostelry of Oak Knoll, near Pasadena, would be carried to completion and put in readiness for the throngs of tourists next fall and winter.

It is said a promise was made to the creditors that if the financial turn was not made in accordance with this expectation, then the company would at once agree to file a petition asking to be declared a voluntary bankrupt, and that yesterday's decision of the stockholders was simply in keeping with the promise previously made.
Persons interested in the company stated last evening that this action was not on account of any undue pressure brought to bear by creditors. In fact, they declared, the creditors had been particularly lenient with the company, and had given it numerous advantages.
JUST A LACK OF CASH.
"It is simply a case of lack of money to finish the building and to meet the obligations already accrued," said one, who is in close touch with the situation. "We failed to secure money from sources where it had been promised, and thus had more obligations than we could meet."
"It is possible yet that some arrangement can be made before the bankruptcy proceedings reach an advanced stage, whereby the finance of the concern may be again put in good shape and the proceedings dismissed." The cost of the building and furnishings, as the plant now stands, has reached a figure higher than \$950,000, and including the cost of the grounds, the whole establishment represents an outlay of more than \$1,200,000.
It is said there are more than 400 creditors, scattered throughout the country. The company has an outstanding indebtedness amounting to \$435,000. There is an item of \$700 for labor, and it is said \$25,000 is due as interest on bonds to the amount of \$350,000.
A complete schedule of the assets and liabilities will be filed with the Commissioner in Bankruptcy today.

A meeting of the creditors will then be called, and doubtless a board of trustees will be elected to take charge of the property.
HOTEL WILL NOT BE LOST.
That this magnificent hotel building will be lost to Southern California as a stately hostelry is impossible. The unfortunate situation in which the Wentworth Hotel Company finds itself is a matter of regret to all interested in the development of this section. Doubtless capital will be interested in the completion of the building and its operation on the original lines, and this may be accomplished before the opening of another tourist season.
The Wentworth is said to be the largest reinforced concrete building in the world. It also has the record for the most rapid work in its construction. Gen. M. C. Wentworth, the manager, was particularly anxious to have the new hotel opened during the past tourist season, and every effort was made to accomplish this end. From 3 a.m. to 11 p.m. men worked on the structure and shifts of men worked day and night.
The hotel was open for three months, and it is said it did a fair business. At the time of its opening work on the building was suspended, the plan being to finish the immense pile during the summer.
Gen. Wentworth is a veteran hotel man. He was manager of the Raymond Hotel from the time it was built until he took charge of the new hotel. It is probable that he will be retained as manager of the hotel now in difficulties, regardless of the change in the financial backing.

SEATTLE'S GREAT SHOW.
Los Angeles Man Who Represented the Governor Tells How It Will Benefit This Section.
Harry White, of this city, former Mayor of Seattle, and representative of Gov. Gillett to the ceremony incident to the breaking of the ground for the proposed Alaska-Yukon-Pacific exposition at Seattle, has just returned from the North. He believes the exposition will be of great benefit to Southern California.
"I understand arrangements will be made by which Eastern visitors can return home by way of Los Angeles, without extra charge," Mr. White said yesterday at the Hollenbeck Hotel. "I expect thousands will visit Los Angeles either on their way to the exposition or on their return."
"The residents of the northern city are determined to make the exposition a great success. The State of Washington has given \$1,000,000 and Seattle has raised a like amount. The country adjacent to Seattle is very prosperous. The lumber industry is very active. Thousands are outfitting for Alaska. A report is current that wheat from the River will make a fine wheat section. This area is about equal to that of the State of Nebraska, and the soil is equally well adapted to wheat. Many who think of Alaska as a frozen land of ice and snow, will be surprised to learn of the possibilities in grain-raising."
A report comes from Sacramento that Gov. Gillett has offered the important position of commissioner to the exposition to Mr. White. From his vast mining interests in the Northwest and his knowledge of that country, he is regarded as admirably equipped to fill the position. White would not make any definite statement, yesterday, about the commissionership.

INVOLVES PROFESSION.
Test Case Brought to Decide Whether "Chiropractors" Have Legal Rights in California.
By the technical arrest yesterday of C. D. Greenall, a "chiropractor," a test case will be made to determine the legal rights of persons outside the medical profession to practice their methods of healing.
Greenall was represented at his arraignment in Justice Selph's court by Philadelphus R. Nicholson, a young woman graduate of the U.S.C. law department. Thoroughly in sympathy with her client in his methods of treating certain forms of nervous troubles, she says the case will be carried to the highest court in order to establish the exact status of chiropractors. She claims that those expert in this system should have a legal right to treat patients who desire such treatment.
Chiropractic was defined by the young Portia as a method of removing the cause of disease without the use of drugs or the surgical knife. Treatment is given to the spinal cord, and it is claimed to have proved successful in certain forms of disease.
Greenall lives at No. 220 North

Grand avenue. He also has an office at Long Beach. He was arrested on complaint of C. E. Berry, charged with violating the State medical statute.

Attorney Nicholson intends to attack this law without gloves. While admitting that many quacks and fakers are attempting to practice medicine according to their own peculiar ideas, she asserts that a treatment that is given by an expert chiropractor should be legal, even if no drugs are administered.
TO MAKE VETERANS GLAD.
Citizens of Garvanza Arrange for Day and Evening's Entertainment in Mineral Park.
An entire day and evening of pleasure has been arranged for tomorrow by the citizens of Garvanza for members of the Illinois Veterans' Association and their wives and children, and a general invitation to participate in the festivities has been issued to members generally of the G.A.R., United Spanish War Veterans and the Sons of Veterans.
Mineral Park, in the Arroyo Seco, is the place selected. The programme will begin with a flag-raising and salute at the Library building, and which will be participated in by citizens generally. Following this ceremony a parade will be formed and proceed to Mineral Park, where formal speech-making will occupy the time until the noon hour. Maj. John A. Donnell will welcome the veterans, and in behalf of the guests, Hon. John L. Beveridge will make a response.
Then will come a basket picnic, in anticipation of which the supper is to be given at 6 o'clock, extensive arrangements have been made by the good women of Garvanza. At 2 p.m. the children will have an hour devoted exclusively to them, and later this will be followed by patriotic music, soldiers' exercises and races for boys and girls.
At 7 p.m. will begin the campfire, at which there will be more patriotic music, speeches and reminiscences.

KUEHNICH THE BUYER?
Wealthy Brewer Said to Have Purchased Belasco Theater Property, Subject of Speculation.
P. Max Kuehnrich, who recently sold out his interest in the Los Angeles Brewing Company for nearly half a million dollars, is reported to be the purchaser of the Belasco Theater property for \$225,000.
Mr. Kuehnrich is said to have exchanged his residence at No. 18 Chesster Place, valuing the latter at about \$50,000, for the theater, giving a certain amount in cash, and assuming a large mortgage. Phil Wilson of the Schuchman-Wilson Realty Company, was the grantor in the deal. For a long time there has been speculation as to who purchased the theater property, which was reported sold a month ago.
ACCUSED OF BURGLARY.
Charles Hicke, a laborer, was arrested last night on a charge of petty larceny by a special officer in the Southern Pacific yards. According to the officer Hicke broke into boxes at the freight house, secured several bottles of whisky, and took merchandise of small value.

Dr. Watson Gets Loose on
Technical Point.
Watkins in Court With the
"Grand Old Man."
Victims Still Pursue the Land
Swindlers.

DR. C. P. V. WATSON, the "grand old man" of Olla J. Watkins' swindling California Citrus Growers' Association. He was arraigned yesterday for issuing a check without funds to meet it, but escaped on a technicality. Below is a sketch of Watkins, as he appeared in court.

Through a technicality, Dr. C. P. V. Watson, former president of Olla J. Watkins' California Citrus Growers' Association, accused of a felony, was discharged from custody yesterday afternoon by Justice Selph. Watson and P. E. Peters, former secretary of the association, were jointly charged with passing a check upon Briden Bros., which was returned from the bank marked "No funds." The prosecution was under the new law making it a felony to utter a check when the drawer knows there are not sufficient funds to meet it.
The justice held that there was not enough evidence introduced to warrant holding the defendants to the Superior Court. The check was drawn upon the Broadway Bank and Trust Company. It was decided that it was in the nature of a voucher check, and there was no proof that the California Citrus Growers' Association and its subsidiary concern, the American Loan and Trust Company, did not have funds to meet it. The court said at a preliminary examination it was not possible to judge of matters outside the evidence. It was intimated that this action might have been brought in another way and sufficient cause shown to hold Watson and Peters. The District Attorney is in possession of other and more material facts, that will form the basis for further criminal proceedings against the officers of the Watkins swindling association.
During the proceedings, Watson showed evident uneasiness and chewed nervously upon an unlighted cigar. Beside him sat his partner, "Olla" Watkins. The general manager of the association looked worried. A week's growth of beard adorned his face. LeCompte Davis, counsel for the defendants, took advantage of every loophole for his clients, and prevented the introduction of any possible evidence regarding the status of the California Citrus Growers' Association.
TELL OF QUEER DEAL.
Robert W. Briden, the first witness for the prosecution, stated that "Olla" Watkins had purchased a bill of goods from his firm, but failed to pay any cash. A collector was sent to the offices of the association in the H. W. Hellman building. He was given a check for \$53.50. This was placed on deposit with the Broadway Bank and Trust Company. A few days later, the witness said, he was notified that the check was worthless. He made good the amount. He said Watkins re-

(Continued on Seventh Page.)

THREE DAYS MORE RACE BEGINS.

Forty-Seven Contestants Now in the Field—San Gabriel Candidate Enrolls—Colton Boy Enters Arena. South Pasadena on Deck—A Travelling Solicitor.

BUT three days more before the contest opens, and all those who wish to enter should do so either today or tomorrow. The scholarship manager will be at headquarters on the fourth floor of The Times building both afternoons, from 3 until 5 o'clock, to receive those who desire to enroll. Subscription receipt books will be given out to intending contestants who call at headquarters Saturday from 10 to 12 a.m. and will be mailed to contestants in outside towns tonight, so that all may be ready to start bright and early Monday morning.

PORT-SEVEN ENLISTED.
Three new contestants enrolled yesterday, swelling the total number to forty-seven. Miss Mabel Gordon of No. 4117 Central avenue, came to headquarters and presented her name as a candidate. Miss Mabel is 18 years old and seeks a scholarship in a business college. She is a member of the Christian church in South Los Angeles, and her pastor, Dr. South Deane, recommends her. She has a bicycle, which she intends to press into very active service in her campaign, and a big brother, who has promised to lend her his aid.

SAN GABRIEL AND COLTON.
Philip R. Mollue of San Gabriel writes that he wishes to enroll. A candidate from the mission territory of both one and two years ago. Last year, it will be remembered, Orestes tempted fate by entering the contest when it was three weeks old, and won a tremendous score, which put him well up among the high sixteen, and gave him the scholarship at St. Vincent's College that he sought. Orestes soon after the close of the contest, had an opportunity to enter government employ at the Mexican consulate at Nogales, Ariz., which position he held with credit for five months. In the meantime, his parents and family had moved to Los Angeles, where his father has established law offices, and were anxious that Orestes join them here, which he did a few weeks ago. He still holds his scholarship for future use.

THE ARIZONA WHIRLWIND.
One of the welcome callers at headquarters yesterday was Orestes Orestes, the successful Arizona contestant of both one and two years ago. Last year, it will be remembered, Orestes tempted fate by entering the contest when it was three weeks old, and won a tremendous score, which put him well up among the high sixteen, and gave him the scholarship at St. Vincent's College that he sought. Orestes soon after the close of the contest, had an opportunity to enter government employ at the Mexican consulate at Nogales, Ariz., which position he held with credit for five months. In the meantime, his parents and family had moved to Los Angeles, where his father has established law offices, and were anxious that Orestes join them here, which he did a few weeks ago. He still holds his scholarship for future use.

HERE'S DETERMINATION.
Miss Jeannette Hoffman of No. 2236 Wall street is one of the recent candidates for a scholarship. She writes a straightforward letter, as follows: "As I have watched the contest for preceding years I have been very much interested, and I would like to join with the rest in securing a free scholarship this year. I graduate from grammar school next week, and I want to finish my education in a business college. I am 16 years old, and I have to work this summer, so all my subscriptions will have to be gotten after working hours, but I intend to have my education if I do have the work for it."

PASADENA'S ENLIST.
A South Pasadena girl, Miss Jennie O. Berryman, is nominated by Miss M. Mother of Los Angeles. South Pasadena usually enters a candidate, and supports her, too. Mrs. George Van Zandt of Pasadena writes the following letter in nominating her son, Elwyn B. Van Zandt of No. 246 North El Molino avenue: "My son thinks that he would like to earn his schooling at Throop next year, and therefore, willing to encourage him in honest labor of any kind, I propose his name to you. He is 15½ years of age, and has just finished the second year at Throop Institute, with credit. He is a member of the First Baptist Church of Pasadena, and is a good worker."

ESCONDIDO GIRL WRITES.
The scholarship manager received a letter from Miss Ruth Gibson of Escondido yesterday in which she writes: "I have lived in Escondido only three years. Before that time I lived in the northern part of Oklahoma, and I have been on a farm nearly all my life. I am now 16 years of age, and have just finished my second year in the Escondido High School. I have two sisters and four brothers, all but two of whom are younger than myself. I am the only contestant in this part of the country, as far as I now know, and I hope that, by my own effort and the assistance of my friends, I may be one of the successful fifteen."

RUTH IS ALL RIGHT.
The scholarship manager knows his people of Escondido and their mettle. They'll see to it that their representative occupies a front seat in the middle row. They're hustlers down there. They had a big bonfire in Escondido a couple of years ago and burned up almost half a million dollars' worth of canceled, trifling bonds and coupons which act as the pace for a new era of prosperity in the Queen Valley of San Diego county.

A TRAVELING CONTESTANT.
Here's a novel proposition. A twelve-year-old girl, Teresa Camp, starts with her parents and seven small brothers and sisters, every one of them younger than herself, on a trip to San Francisco, via the old El Camino Real, and Miss Teresa proposes to canvass for subscriptions all along the line. They will pass through lots of towns on their way north, and Teresa thinks

Scholarship Manager,

FILL OUT AT ONCE AND SEND TO THE TIMES.

WHY GROWING GIRLS NEED A SAFE TONIC

Dr. Williams' Pink Pills Particularly Adapted to Their Condition, Free From Opiates or Harmful Drugs and Highly Recommended by Those Who Have Tried Them.

Growing girls who show weariness, want of strength, languor, are pale and perhaps short of breath, need a tonic.

Not all tonics are suited for their use at this critical time in their lives, but Dr. Williams' Pink Pills are.

Taken when the girl is developing into the woman they insure, as far as medicine can, the full flower of womanhood, robust, strong and healthy. Neglect of the health at this time means a life of misery and is often followed by a short, dry cough which is the forerunner of consumption.

Miss Louise Westphal, of 235 Locust street, Dubuque, Iowa, says: "A few years ago I was in a very weakened condition, one that is common to many growing girls. I was nervous most of the time, lost weight, had a poor complexion and no appetite. I was completely run down and had no ambition at all. For months I was under a doctor's care. Nothing helped me. My friends thought I was going into consumption, and as my father died of that disease there seemed reason for the belief."

"I had been sick about a year when Dr. Williams' Pink Pills were recommended to me by a friend who knew of another girl who had been cured by them of a trouble similar to mine. After taking three boxes I obtained relief and several more cured me. The ailment completely disappeared. I had a good appetite once more and am still strong and healthy in every way. I think it only proper to make this statement for the benefit of those who suffer because they do not know the real value of Dr. Williams' Pink Pills."

These pills are peculiarly adapted for diseases due to impure blood and shrunken arteries. They are invaluable in anemia, rheumatism, after effects of the grip and fevers and in sick headaches, dizziness, nervousness and neuritis. A valuable booklet entitled "Pink Pills to Women" will be sent free, in a sealed envelope, upon request, to any woman interested.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

RECREATION PLACE OPENS.

Banquet in Honor of the Event at Santa Monica Resort—Daily Concerts.

SANTA MONICA, June 20.—The grand opening of the new recreation place at Santa Monica, which has been under construction for some time, was celebrated yesterday by a banquet at the Hotel Santa Monica, and by the performance of a choice program, the newly equipped Bristol pier, at the foot of Hollister avenue, formally opened this evening. This new recreation enterprise, which is under the management of Messrs. Schneider & Fieber of Los Angeles, has just been remodeled at large expense, and the present opening marks a new era in the development of that section of the beach.

The throwing open of the doors to the public for inspection was preceded by a private banquet tendered to the Los Angeles and beach city officials and a few specially invited friends. The opening program will be at noon tomorrow, and thereafter there will be daily concerts during the afternoon and evening. For five days and the fourth of July there are to be specially attractive programs, that of the last named day consisting of fireworks.

As a part of the equipment for the bathing feature of the new resort, a catamaran life-saving craft has been launched, and a competent crew will be on duty for the aid of distressed bathers.

UNDELIVERED TELEGRAMS.

There are undelivered telegrams at the office of the Western Union for Geo. A. Elshaus, C. B. Eyer, Mrs. Louis Phillips, E. M. Githens, K. Dot, Mrs. H. W. Green, R. H. Solomon, R. P. Crawford, Dr. S. F. Groves, J. E. Campbell, Mrs. Marie L. Baskett, Arthur M. Edwards, John Braxton, W. H. Erdman, Jonas Lecker, S. R. Moffit, A. B. Dyson, Mrs. A. L. Halstead, P. M. MacGregor, Wallis Stang, Co. B. T. Underwood, Herbert C. Chivers and Mrs. Mabel Dillar.

PORTERS MOVE EXPLAINED.

THE HAGUE, June 20.—It is officially stated that General Horace Porter's reservation, yesterday, covering the right of the United States to present the question of the right of line of argument does not mean that the Washington Government has definitely decided to raise the subject. On the contrary, it is said that it involves no change in the American attitude.

Ask Receiver for Little Kanawha.

T. LOUIS, June 20.—Suit was filed in the Circuit Court today by counsel representing John S. Jones, petitioning the appointment of a receiver for the Little Kanawha Syndicate. The petition asks for an accounting of the funds of the syndicate, an injunction to prevent George J. Gould, Joseph Ramsey, Jr., and William E. Guy, its organizers, from exercising any control in its affairs. Mr. Jones, who is a member of the syndicate, alleges Gould, Ramsey and Guy sold the assets for \$5,500,000, and paid \$5,500,000 to the subscribers.

Always Pure

Housewives can better afford to buy

PRICES
Flavoring
Extracts

for they are pure and reliable flavors; have always in purity and strength conformed to the Pure Food laws.

Fifty Per Cent More

Than in any other 10 cent package.

Every package of E. C. Corn Flakes contains 50% more toasted corn flakes than any other 10c. package on the market.

E. C. Corn Flakes so far surpasses other brands in quality that there can be no comparison. It is made in the Egg-O-See way.

More Egg-O-See is eaten each day than all other flaked foods combined.

And E. C. Corn is repeating Egg-O-See's success and taking the country by storm—because it has the real Egg-O-See quality and absolute purity.

The Egg-O-See process develops the delicious natural flavor of the grain—no artificial flavor of any kind is used.

Largest package—best food 10c.

An Acre of Berries Makes a BAG OF GOLD

You're just wasting your time looking at small city size lots. Did you ever stop to think that you can go five minutes farther and get a full acre for \$650 in Belle Vernon? I will sell you an acre for that price and give you terms, \$20 down and small monthly payments, easier than the ordinary rent. Every improvement you make is your own. Every berry bush increases your revenue, and you can make the income pay for your place. When the land becomes too valuable for berries, vegetables and poultry, you can cut it up into lots and sell each lot for more money than the whole acre costs you today. Only 20 minutes from Sixth and Main, with fine soil, graded streets, and unlimited free water, on two fast electric lines.

Schools WIGGLES HIMSELF OUT

(Continued from First Page.)

found what he had lost on Saturday morning the arrest of Watson and Peck. Andrew S. Briden, the next witness, was sent to the office of the association to collect the bill, and was given the check. This he turned in to the cashier of the Broadway bank, and assistant cashier of the Broadway bank and Trust Company. Identified the check.

A Mathis messenger for the bank, who was called at the office of the American Loan and Trust Company, was part and parcel with the Watson case. The messenger was told that there was a check on the check, but could not collect on the check, but could not secure payment.

Evidence that the so-called banking company was part and parcel with the Watson case, and occupied the Watson office was ruled out. The instruction indicated that there is much behind the case that could not be proven in court.

Watson is still awaiting examination on a felony charge of performing a criminal operation upon a young man who died as a direct result of the operation.

The offices of the Watkins syndicate, which were in a state of siege, have been removed from the new offices, and the furniture has all been assigned to outside parties.

TRYING TO "FIX THINGS."
Mathis has been making frantic efforts to "fix things" with his dispirited associates, but with little success. He went to Rialto and a meeting of the deluded victims of the Watkins syndicate, and stated that there was no complaint against the association, and that the man who had been actually arrested was a man who had been actually arrested.

Los Angeles County—Its Cities and Towns.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

HAS CITY TOO MANY PROJECTS?

PASADENA PEOPLE ANIMATED IN DISCUSSION.

Request of the Tournament of Roses Association that the City Take Over the Management of Tournament Park Starts People to Talking About the Question.

One of the Times, No. 26 South Raymond ave., PASADENA, June 21.—Pasadena is harvesting a crop of public enterprises—the largest in the history of the city. "Is Pasadena not biting off more than it can chew?" asked the man from Missouri who is a member of the city council, yesterday. "Pasadena is certainly head over heels in the amusement business."

Discussion on the streets of this matter was animated yesterday, the controversy being evidenced by the request from the Tournament of Roses Association that the city take over the management of Tournament Park and by the announcement that an elementary school to be run in conjunction with Throop Polytechnic Institute has been launched.

Carmelita Gardens, the public playground of the city, has just been presented to the public and \$15,000 is needed to carry out the plan of the organization. It may be said with authority that the association is only too willing to turn the management of these gardens over to the city at once if the city will agree to carry out the idea. Under its organization the property on West Colorado street will revert to the city in time and the city may be asked to take title now.

By the reorganization of Throop Polytechnic Institute an institution is being fostered here that will need \$1,000,000 to carry it to success. "If a corporation owned and operated by Pasadena could be organized, I am sure that the public would jump at the opportunity and lend its support," said a trustee of the corporation. "That is just exactly what is being offered to Pasadena, but because Throop has been here for a number of years and smaller lines, the people do not appreciate the magnitude of the undertaking. The expenditure of money by the city for Tournament Park is too ambitious for the purpose for which it is intended."

Members of the City Council and committees from the Tournament of Roses Association and the Board of Trade dined at the Maryland last evening, as the guests of D. M. Linnard, to discuss the improvement of Tournament Park. The Council is considering an offer to accept title to Tournament Park and several acres adjoining, owned by the Tournament Association, and convert the ground into a public park. The question is an absorbing one now.

The carnival directors want a larger race track, a bigger grand stand, stables, etc., and feel that as the association uses the park but one day in each year, the city should stand the cost of the improvements. "The association uses the park but one day in each year, the city should stand the cost of the improvements," said Earlley said. "If the Council takes the matter up it will endeavor to improve the park by raising the amount necessary through the park fund, but I do not believe the city will spend more than \$500 on the property."

This amount will probably not be considered enough by the stockholders of the Tournament of Roses Association, who will be asked to decide the matter.

ELEMENTARY SCHOOL.

The committee appointed by Throop Polytechnic Institute has purchased a site of five acres at the southeast corner of California street and Lake avenue, and will erect upon the same buildings to be used for the Throop Polytechnic Elementary and Grammar school, which it has been found necessary to separate from the Polytechnic Institute.

Active steps have already been taken in preparing and adopting plans for the group of buildings that will be constructed, and it is expected that within the next week the plans will have shaped themselves so that the proposition can be published with more detail.

Recent changes and additions to the course of instruction at Throop Polytechnic Institute have naturally let go the existing curriculum and require the following body of men to take the matter in hand, and incorporate for the purpose of owning and operating elementary and grammar schools, and particularly Throop Elementary and Grammar School: W. S. Wright, E. G. Gentry, J. C. Grand, Harry Shauldeman, Alfred Guillou, B. O. Kendall and such others as they may desire to add to them. The trustees, including two members of the board of trustees of Throop Institute.

The committee appointed has signified its willingness to comply with all the wishes of the trustees of Throop Institute, and to endeavor to conduct the school in accordance with Throop methods and to carry them out on broader and more extensive lines.

HOBOS USE FIREARMS.

Patrolman E. W. Stogeman, assisted by the engineer of the Santa Fe overland, drove two hobos off the blind baggage of the eastbound train at the Pasadena station last night. In the altercation one of the ruffians drew a revolver. At this juncture Oscar Kunzman stepped in and attempted to take the gun from the hobo. He was shot at three times, one of the bullets grazing his hand, which was also badly powder-burned. Kunzman held the revolver and naturally let go. The hobo darted into the night. Kunzman drew his revolver and sent several shots after them. The hobo made their escape and at a late hour had not been apprehended. Kunzman was formerly an officer of the police force and has a permit to carry a weapon.

HUNTINGTON COINCIDES.

H. E. Huntington made an inspection tour of Pasadena yesterday, accompanied by Mayor Earley. The Mayor has asked the Pacific Electric Railway Company to take the rights of way of all its lines in the city that are not on paved streets and to repair the pavement on Colorado street, east of De Lacy street. Mr. Huntington was pleased with the conditions on Colorado street where the tracks have been cut down into the ties until they are in places two or three inches below the grade of the pavement and was shown the need of

STRIKE GRAVE OF WHALE.

Bones of Monster Unearthed on Water Front at San Pedro.

(SPECIAL CORRESPONDENCE.)

SAN PEDRO, June 20.—While making excavations on the slips at Timm's Point this morning, workmen employed by Knight & Hyatt, contractors, exhumed the skeleton of an enormous whale, nearly sixty feet in length, at a considerable distance below the surface.

The shoulder blades are four feet long and the ribs over ten feet. The mammal had probably reposed peacefully in its grave for centuries.

olling between the tracks on dusty thoroughfares. He told Mayor Earley that the matter would be taken up once and that the improvements in full would be made.

MEN'S CLUB MERRY MINSTRELS.

The Men's Club of All Saints Parish Church gave its minstrel show last night at the parish house on North Highland avenue to a large and enthusiastic audience, and held the interest of all from start to finish.

It was a case of everybody laugh when Arthur K. Wyatt, who it will be remembered, so admirably acquitted himself as the attendant of the "Milkmaid" when the comic opera was produced by this organization some time ago, appeared on the stage, for his make-up alone was laughable.

Gerald Waterhouse, David Gilmore and Mr. Walbeck were the other men, and all came in for the individual share of applause while George A. Clark, as the funny man, took the audience by storm. The Y.M.C.A. sent a squad, under the direction of Physical Director Braden, gave an exhibition in fancy gymnastics.

DEATH OF JASON B. MILLER.

Jason B. Miller died yesterday at his residence, No. 42 Maple avenue, after a brief illness. A true, tried and zealous worker in religion, he was, and in many States where he expounded the gospel, remembered for the good work he done will be recalled to mind when news of his death is received. Rev. J. McLeod will officiate at the funeral, which will be held at the undertaking parlors of Ives & Warren, Saturday afternoon at 2 o'clock.

SOCIETY FUNCTIONS.

Mrs. Ned L. Chapin was the guest of honor yesterday afternoon at a luncheon given by her sister-in-law, Miss June Chapin at her home on West California street. Coropais and golden apples were combined with wood ferns in the dining-room and the delirious room for decoration and in the dining-room pink and white roses were used for decoration. The place cards were decorated with pink and white roses. The luncheon was given by the ladies of the chapter of the Order of the Eastern Star, Chapter No. 1, of Pasadena.

Dr. and Mrs. Arno Behr of Arlington Drive, with their daughter, Miss Elsa Behr, and their son, Otto Behr, will leave Saturday for a European trip. Ernest Behr will not accompany them, being at present in the hospital. Mrs. Behr is the daughter of the late Dr. J. H. Behr, who was formerly of Pasadena, and has many friends here.

The marriage of Miss Mary Bradshaw and Frederick Swan was solemnized yesterday at the home of the bride, Mrs. J. H. Bradshaw, at 248 Torreyton place, Pasadena. The groom is a graduate of the University of California, and the bride is a graduate of the University of California.

The trustees of Throop Institute, realizing the importance of quick action, prepared and adopted resolutions to meet the existing situation and request the following body of men to take the matter in hand, and incorporate for the purpose of owning and operating elementary and grammar schools, and particularly Throop Elementary and Grammar School: W. S. Wright, E. G. Gentry, J. C. Grand, Harry Shauldeman, Alfred Guillou, B. O. Kendall and such others as they may desire to add to them.

The committee appointed has signified its willingness to comply with all the wishes of the trustees of Throop Institute, and to endeavor to conduct the school in accordance with Throop methods and to carry them out on broader and more extensive lines.

HOBOS USE FIREARMS.

Patrolman E. W. Stogeman, assisted by the engineer of the Santa Fe overland, drove two hobos off the blind baggage of the eastbound train at the Pasadena station last night. In the altercation one of the ruffians drew a revolver. At this juncture Oscar Kunzman stepped in and attempted to take the gun from the hobo. He was shot at three times, one of the bullets grazing his hand, which was also badly powder-burned. Kunzman held the revolver and naturally let go. The hobo darted into the night. Kunzman drew his revolver and sent several shots after them. The hobo made their escape and at a late hour had not been apprehended. Kunzman was formerly an officer of the police force and has a permit to carry a weapon.

HUNTINGTON COINCIDES.

H. E. Huntington made an inspection tour of Pasadena yesterday, accompanied by Mayor Earley. The Mayor has asked the Pacific Electric Railway Company to take the rights of way of all its lines in the city that are not on paved streets and to repair the pavement on Colorado street, east of De Lacy street. Mr. Huntington was pleased with the conditions on Colorado street where the tracks have been cut down into the ties until they are in places two or three inches below the grade of the pavement and was shown the need of

SUES ATTORNEY FOR FATHER.

LONG BEACH MAN SAYS PARENT WAS WRONGED.

Corporation Counsel of Long Beach Is Made Defendant in Suit in Which He Is Alleged to Have Retained Money Belonging to Feeble Old Man—Kendall May Die.

LONG BEACH, June 20.—William J. Hineshaw, of this city, acting under power of attorney for his father, has filed a civil suit in the Superior Court against George A. Skinner, City Attorney of Long Beach, to recover \$840, which, he alleges, Skinner wrongfully took from his father. The latter, he says, is represented, is an old man, feeble of mind and unable to read or write.

Two hundred delegates of the National Eclectic Medical Congress spent the afternoon in Long Beach under the personal care of Drs. L. A. Perce, W. H. Harvey and E. F. Scudder of this city. The visitors were met at the depot by a bevy of women, who distributed red and white carnations. During their stay they were entertained with auto and boat rides, free baths, a chance on the rollers and luncheon.

Marcus Campbell, a real estate operator and building contractor, has announced a victory for Mayor Earley in the new charter election in December.

William Thomas, an employe of the Barber Asphalt Company, received probably fatal injuries this afternoon from a falling log. The log, which was being moved by a derrick, fell on his head, and he was killed. The log was being moved by a derrick, and he was killed.

J. A. Watkins of Denning, N. M., disrobing in a dressing-room of the bathhouse today, put his money, \$10, in his pocket. Later he was arrested on suspicion of having stolen the money. He was released, and he was released.

See Coronado Agent about Tent City. ORGAN IS DEDICATED.

Memorial Gift to Presbyterian Church at Santa Monica Given First Public Trial.

SANTA MONICA, June 20.—A large and fashionable audience crowded the Presbyterian church this morning, to witness the dedication of the new organ, which was given to the church by the Santa Monica Presbyterian church. The organ was given to the church by the Santa Monica Presbyterian church.

It is charged that, after practically kidnapping him, the defendant, according to the police, took him to his home in Winchester, Ind., and left him, after writing a personal check for \$144.75, the balance of \$1200 the elder Hineshaw had entrusted to him before making the trip. Although frequent demands for restitution have been made, Skinner has refused any settlement.

The suit is the end of a story begun a year ago. According to young Hineshaw, his father, Abel Hineshaw, died of a heart attack, 67 years of age, feeble and mentally unbalanced, out to the Coast on a visit. His sons were erratic, and there was some talk of having a guardian appointed. The old man, who heard the story and went at once to Skinner's office, where he secured his father's papers, and asked the lawyer to help him settle the matter. Skinner, however, refused to do so.

In a deposition made by the old man, he says Skinner went to the bank with him and drew out \$225 cash and a draft on the Pacific National Bank of Chicago for \$1275, all of which he gave Skinner, besides paying him \$75 attorney's fees for closing his account. Skinner, who he secured his father's papers, and asked the lawyer to help him settle the matter. Skinner, however, refused to do so.

W. J. Hineshaw has been at work on the matter several months and only recently returned from Winchester, where he secured his father's papers, and asked the lawyer to help him settle the matter. Skinner, however, refused to do so.

SUNDAY OPENING SCHEME STICKS.

APPARENTLY NO RELIEF SOON FOR SAN PEDRO.

Means of Thwarting the Plan of Lifting Lid Off on the Sabbath Day Are All in the Hands of the Board of Trustees, Which Is Manifestly Opposed to It.

SAN PEDRO, June 20.—Since the action of the Board of City Trustees on Sunday opening the saloons on Sunday was taken, opponents of the new departure have been attempting to find out some way to prevent Sunday opening.

The law relative to the framing of a new freetholders' charter for this city. After careful investigation it is generally conceded that the law will permit of neither one of the measures suggested. The freetholders' charter, therefore, appears to be nothing in the statutes that provides for the disincorporation of a city of the fifth class—the class to which San Pedro belongs.

DUSTER WORTH REGULARLY TO 15c.

69c

FOR AXES; ARE HAND FORGED FROM THE

BEST STEEL AND WORTH REGULARLY \$1.50.

WHAT OTHERS ADVERTISE, WE SELL FOR LESS.

FLORIDA PEST TO BE FOUGHT.

White Fly Invasion Stirs Up Fruit Growers.

Insect Obtains Foothold in Yuba County.

Postoffice Department Aids State in Fight.

Citrus fruit growers of Southern California are stirred up over the possibility of an invasion from a new pest, the Florida white fly, or "Aleyrodes citri."

For years this fly has been the chief pest of the citrus fruit grover of Florida; but California has been free from it. Government entomologists formerly made the claim that it was an impossibility for the Florida white fly to thrive here owing to climatic conditions.

That this theory was a mistake is shown by the fact that more than 1500 citrus trees, probably 2000 by this time, in Marysville and the county of Yuba are seriously infected, and horticultural commissions throughout the State are taking the strictest precautions to prevent the pest from obtaining a further foothold.

Yesterday Secretary Dingle, of the Los Angeles County Horticultural Commission, received word from the Yuba county commissioners that before the close of the present week 63 owners of really would have served upon them notices to clear their places of the Florida white fly or the work would be taken in hand immediately by the commission itself and the cost would become a lien upon the properties.

Horticultural Commissioner Jeffrey yesterday reported that so far as is known there has not been a single case of infection from the Aleyrodes citri in Los Angeles county.

The commission's inspectors have received instructions to keep a sharp lookout in their individual districts for the appearance of anything resembling this pest; and property owners in the citrus belts have been warned of the danger and have been urged to keep a close watch on their trees.

SEND STOVE BY MAIL. Every postmaster in the county has promised to cooperate with the Horticultural Commission in keeping track

of shipments of nursery stock from Louisiana or Florida to Los Angeles county. The State has placed a quarantine against the nursery stock of these two States. The southern nursery men are unable to use the express companies or freight service to deliver their goods here; and they are using the mail.

State or county horticultural commissions have no right to intercept private mail, but the Postoffice Department has ruled that the postmasters should not transgress their proper bounds when they notify the Horticultural Commission or the Superintendent of the district in which they are located, when shipments from Florida reach here, so that the inspectors may get after them as soon as the Postoffice department has done its part and has delivered the package.

State Horticultural Commissioner Eliwood Cooper has visited the infected district of Yuba county and discussed the situation with the citrus growers of that section. He has issued instructions for handling the new pest, and these are being sent out to the citrus growers of the State. In this notice the State Horticultural Commissioner

There is as yet no known remedy for this pest which can be safely relied upon in the form of spray or fumigation.

It is therefore ordered, that all infected citrus trees in Yuba county shall be removed and burned or otherwise disposed of in such a manner as to prevent the spread of the pest. The whole fruit-bearing surface must be removed, leaving only the bare trunk, and these trunks must be treated with a thorough coating of white wash, composed of quicklime slaked with water.

It is recommended that the stubs of such trees, from which the limbs have been removed, be protected with an application of grafting wax or of paint to prevent the entrance of the pest into the wound.

Following is a list of the plants known to harbor the Aleyrodes citri, and which will have to be destroyed: All varieties of citrus trees, including oranges, lemons, and limes; the Citrus berry tree (Melia azadirachta); Vitellina nudicaulis; Cape jessamine (Gardenia florida); Japanese persimmon (Diospyros kaki); Golden privet (Ligustrum aureum); Toyon (Nerium oleander); and Mock orange (Philadelphus coronarius).

It is further ordered that in all sections where the Aleyrodes citri is now known to exist, serious inspections be made, and that the same be completed on or before July 1st of the present year.

PRELIMINARY OF THE PEST. The Florida white fly first began to attract the notice of Florida orange growers in 1913, but it was not scientifically described and classified until 1915, when W. H. Ashmead took up the study of the pest, which was making such serious inroads upon the citrus groves of Florida.

The immature insects are much like scale, being closely related to the Coccidae, but in the adult stage they possess four wings, which are usually covered with a white powdery matter, from which the name of the family has been established. When plants upon which the scale insects are jarred, a short distance, they settle again.

It is in the larvae stage that the in-

sects inflict injury upon plants and trees. The eggs are very minute, pale yellowish when first laid, and become tinged with green. They are always laid on the under side of the leaf.

The larval stage of the insect commences within eighteen to thirty hours after the adults issue, and the insect passes through its various moults and the pupal stage, and issues as an adult in from forty to fifty days.

Experiments conducted in Florida proved that the larvae can stand more cold than the orange.

NEW ENEMY OF SCALE. Citrus fruit-growers of Southern California, who have watched the inroads made upon the black scale by the Scutellista, the they fly which was brought here from Africa, are also hoping for much aid from a recently discovered enemy of this parasite, which is as yet unclassified, but is a member of the Chalcid fly family.

This insect is the discovery of Prof. Lonsbury, entomologist for Cape Colony, who also sent to America the Scutellista. He brought a large colony of these insects with him personally to Los Angeles, and from there they were shipped direct to the State Insectary at Sacramento about two months ago.

Considerable numbers of them have developed in captivity and more will mature soon. One lot was sent to Los Angeles Horticultural Commission, and has been placed in a scale-infected orange grove near Whittier. Other colonies will be sent here soon for distribution to various parts of the county.

While the Scutellista works on the scale, the new fly, the new fly of Prof. Lonsbury is termed a "true parasite," in that it attacks the body of the scale itself.

In combination with the work of the Scutellista this new aid, it is believed, will soon work havoc with the black scale, and it is possible that its effects will be extended to many of the Lecanids.

The Horticultural Commission has notified more than five hundred property-owners in the Calhoun Valley to have their citrus trees cleaned up and a large number of notices are now being prepared for property owners in Los Angeles and Pasadena.

SMOKER OF VETERANS. Roosevelt Camp No. 9, United Spanish War Veterans, gave a smoldering night at Odd Fellows' Hall. Members of Battery B were guests.

Plans were organized, and plans prepared for attending the Fourth of July celebration at Long Beach.

Camps from Pasadena, Riverside, Redlands, San Bernardino, Santa Ana, Ocean Park and Ventura will participate in the exercises. Capt. J. D. Fredericks will be orator, and prominent citizens will be invited as guests.

Following business a pleasant social hour was enjoyed last night with war stories, songs, and recitations by members.

NO FIESTA FOR NEXT SPRING.

M. AND M. HEARS REPORT OF LAST COMMITTEE.

It Commends Generosity and Loyalty of City and Country—Great "Ad" Los Angeles Ever Had. Full Statement of Finances of the Dazzling Fete.

The directors of the Merchants' and Manufacturers' Association met yesterday to hear the report of the Executive Committee of La Fiesta de las Flores, which brought up the subject of a Fiesta next year. After discussing the question, a resolution was adopted that, inasmuch as there have been heavy demands for financial support for public improvements during the latter part of 1936 and the present year, "it is the sense of this association that no Fiesta be held in 1937."

The report of the Executive Committee is very full, and takes up the whole subject of the Fiesta and the benefits that accrued to the city in return for the expenditure of over \$45,000, provided for the purpose by generous citizens.

"The direct results," says the report, "viewed from a purely commercial standpoint, cannot be computed; but, indirectly, the presence of tens of thousands of representative men from every section of the Union will be lasting and far-reaching in the future prosperity of our city."

The committee declares that the amount of advertising the city has received through the Fiesta could be bought in papers and magazines for ten times the amount expended, as every visitor was an eyewitness of our marvelous growth, great possibilities and unexcelled attractions.

Thanks are returned to the people of the city and surrounding towns for their public spirit and loyalty, the committee declaring that loyalty has kept pace with civic pride and patriotism, which "is best shown by the remarkable record that all subscriptions have been promptly paid, and no promise repudiated."

The police department is congratulated upon its work in having tactfully handled the greatest crowd of visitors the city has ever held without accident, riot, rowdiness or depredation of crops.

The Board of Public Works is thanked for the splendid condition of the streets during the Fiesta; to all the committees for good work; to the young ladies of the Polytechnic High School, without whom "the magnificent

electrical spectacle could not have been realized."

A question of the exclusion of the cowboys from the floral parade, the committee says that while there was a suggestion that the cowboys be excluded, the committee decided to include them, and, continuing, says:

"Not only did men, claiming to represent the cowboys, attempt to obtain a subsidy of \$200 from the committee, but it has been shown that their motive was simply to obtain for advertising for a private show that was held after the parade, at which an admission fee was charged."

The committee further argues that it would not have been a portrayal of any existing condition in California today and would have left a wrong impression on the minds of visitors.

"In connection with this matter," says the committee, "we desire to state that the malicious attacks made upon our secretary, F. J. Zechendelaar, were entirely unjustified and void of truth. We assume full responsibility for all his acts, and we take this occasion to express our full appreciation of the efficient work and the executive ability displayed by him."

The report is signed by R. H. Herron, O. C. Morgan, M. A. Hamburger, John Luckenbach and A. K. Brauer, Executive Committee.

FINANCIAL STATEMENT. Received from contributions, \$23,348.65; balance from Fiesta of 1936, \$292.22; total, \$24,640.87. Expenditures: Paid M. H. Flint toward Shrine entertainment, \$14,047.79; electrical parade, \$2,988.94; labor, \$2,506.65; floral parade, \$2,199.05; music, \$2,990.30; street wiring, \$2,100; tribunes, \$975.10; printing and advertising, \$321.90; office expenses, \$168.90; total, \$42,241.27.

A vote of thanks was tendered the committee for its able services, declaring that "the public spirit and patriotism of the members of that committee deserve strong public recognition."

MINES AND MINING. Angeles Buy Two Claims in Kern County District—News From the Havilah District.

Daniel Spaulding and L. R. Thomas of Los Angeles, have purchased for \$3000, the Pine Tree and Buckeye claims in the Delonaga Springs district of Kern county. The sellers are George T. Rolfe and O. H. F. Hansen. The price is to be paid \$1000 in cash and the balance between February 1938.

The two claims were located between three and four years ago by the sellers and development has been going on steadily ever since. Good ore is said to have been found. A mill is expected to be put up very soon.

Havilah Stirring Again. The old district of Havilah in Kern county is again showing signs of activity and mines that once made

money for owners but which have lain idle, are now being worked.

The following items are being sent by a correspondent of the Bakersfield Echo:

The King Solomon mines have been developing for the past three months and have been drifting along a ledge from that county into Kern county.

The Mammoth mine, owned by A. L. Downy, D. H. Black and Robert Brown, are about putting in a tunnel driving a tunnel to drain that one famous property and will commence work at once.

The Headlight Mining Company are getting ready for business and negotiating to buy the famous Warrington mine. The Rand people intend erecting three cottages and dining-room, besides putting in a dynamo, and five-stamp mill. This is one of the good things of the camp when in operation will astonish even the knowing ones. Mr. Downy has put in time and money and certainly deserves success.

The American Golden Eagle mine has struck a new "pay chute" of value and is drifting on it, and from present indications the ledge widens out, and shows up well.

There are parties after the "McKiddie" mine and have made a proposition to Duncan Ferguson, who owns this mine, with a view to incorporating and endeavoring to put the grand old mine that once paid big on its feet again.

LIBERTY IS SHORT-LIVED. Convict Wanted in Ventura County Is Arrested as He Leaves San Quentin.

VENTURA, June 20.—Sheriff McMartin has arrived here with a prisoner named Robert Surratt, alias Robert Smith. He captured the man just as he was emerging from San Quentin prison. The Sheriff went north in or-

der to await the closing of the Surratt. The man was a white, about 35 years of age, 5 feet 10 inches tall, 160 pounds, brown hair and eyes, a horse and buggy driver in Oxnard. At that time he was far away, but he had been in for a similar offense in a previous term. From that county he had been in this term and was now in prison, not knowing where he was.

MARRY IN MARRIAGE. Ed M. White, who resides in this county, was married Wednesday to a woman from the county of the local high school and the local high school and the local high school.

TORNADO IN VALPARAISO. VALPARAISO, June 20.—A tornado struck the city, doing considerable damage. The tornado was about 100 yards wide and traveled for about 100 yards.

WALL EASTERN. Railroads decrease fares to 2 cents a mile of travel, and will not fight the rate of its railways to form a new company.

Y. A. to Seattle. Wilson and Port to most prices is natural, and the price is still higher. A recent decision to answer speech of the railway in Bremerton incident.
